Rehoboth, MA 02769-2600

Dear Mr. Breault,

I am receipt of your letter regarding *Life Matters* and I am familiar with the programming. I also understand that your Board of Directors makes decisions regarding broadcasting. However, I am unclear as to how I can resolve the problem for RePAC with the involvement of the school district.

We currently have materials and videos that we use in our health and wellness curriculum in accordance with the *Massachusetts Curriculum Frameworks*. Therefore, I thank you for your offer of supplying the recordings to the District but respectfully decline.

Sincerely,

  
Kathleen A. Montagano, Ed.D.  
Superintendent of Schools
