Delivered In-Hand

In response to your communication dated April 19, 2011, re. matters concerning the installation of new overhead camera systems at, and the policies of, the Senior Center as set forth in RePAC's letter to Sally Knox on March 22, 2011 (Certified Mail 7009 0080 0001 5915 9143), please be advised that the Chairperson of RePAC will be unavailable on April 25, 2011, for further discussions or comments related to the policy of janitorial services that were established by the management of the Senior Center and are outside of RePAC's mission.

It appears that compliance with such policy requires that each chairman of a Rehoboth board, commission, committee, or agency shall have the responsibility to assemble and disassemble tables and chairs for the purpose of conducting a proper public hearing at the Senior Center. This means that the following chairmen shall arrange for either paid or volunteer services for preparing and conducting public meetings, including the assembly and disassembly of tables and chairs, in compliance with the Senior Center policy:

Christopher Mona - Finance Committee  
Roger Breault - Zoning Board of Appeals  
Michael Costello- Board of Selectmen  
Sally Knox - Council on Aging  
Robert Moitoza - Planning Board  
Roger Breault - Water District  
Scott Pennoyer - Conservation Commission

In some cases, certain Rehoboth boards, commissions, committees, and agencies have financial resources available to pay for such services but others must rely on volunteers to assemble and disassemble the tables and chairs needed to conduct the public meetings so that RePAC can properly record and archive the proceedings as public records. RePAC can assist you in recruiting volunteers by publishing your notices on its Channel 9 and Channel 98 bulletin boards. You may submit such notices to **webmaster(repac9.org)**.

Sincerely yours,

Roger Breault, Chairperson
