Rehoboth, MA 02769

By First Class Mail

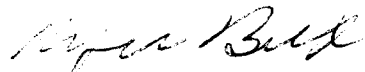

Mr. Saraiva:

Pursuant to your letter dated February 10, 2010, please be advised that a membership form is available for downloading on RePAC's website at www.repac9.org. The information that you provide RePAC will assist us in forwarding to you a membership application once the Public Access Channel is activated and operational at RePAC's studio.

I appreciate your interest in the legal process needed to activate the Public Access Channel. Please recall that, although Comcast Corporation/Comcast Cable had allocated the Public Access Channel for RePAC's use in April 2004, the Board of Selectmen have ignored RePAC's repeated requests to initiate the activation process of the Public Access Channel. Recently RePAC commenced a legal process against the Town of Rehoboth for the formal activation of this channel for public use. You are cordially invited to join RePAC in this legal action and your attorney may wish to contact me directly concerning this matter.

Thanking you for your continued interest in RePAC, I remain as always

Sincerely yours,

Roger Breault, Chairperson
