On April 14, 2011, pursuant to an inquiry by Michael Deignan and Ed Schagrin, Dr. Montagano, Superintendent, sought your assistance to provide Rehoboth Public Access Corporation ("RePAC") electronic visual recordings of Dighton-Rehoboth Regional High School ("DRHS") sport events for cablecasting on Access Channel 98.

During the past several months, RePAC continued to allocate broadcast resources for such sport events but, unexpectedly, did not receive DRHS sport programs. Thus, RePAC viewers have expressed concern that electronic recordings of DRHS sport events have not been made available to RePAC for broadcast on its Access Channel 98. Because the principal's and athletic director's offices are determinative in providing RePAC viewers an opportunity to enjoy DRHS's sport programs, RePAC would be greatly appreciative for your assistance in providing Rehoboth residents an opportunity to view the DRHS-sponsored sport events.

Sincerely yours,

Roger Breault, Chairperson
